

## **Project Manager**

Type of Post	:	Permanent
Speciality	:	Waste Management / Decommissioning
Country	:	UK
Region	:	UK Wide
Hours	:	37.5 per week

### **Role Description**

We are looking for Project Managers/ Senior Project Managers to deliver end-to-end project work scope within either Radioactive Waste Operations & Transport, or Nuclear Decommissioning, for Cyclife UK – part of the EDF Group.

EDF is the world's leading nuclear power station operator, currently operating 71 reactors in France and the UK. As such, EDF has a vision to become the European Leader in Decommissioning and Waste Management, providing services to other nuclear operators and ensuring mastery of the decommissioning process for its own fleet. To support this vision, EDF has established the Cyclife Group to deliver commercial decommissioning and waste services in the market. Cyclife UK currently has four business lines covering: Consultancy, Site Projects, Waste Treatment and Decommissioning via a nuclear-licensed waste treatment facility in Cumbria and international facilities in Sweden and France.

### **Your Work Environment**

#### Duties and Responsibilities

- Developing and executing effective execution strategies and plans in line with the overall project strategies and plans.
- Ensuring the relevant project risks are identified and managed/mitigated as appropriate.
- Managing the quality, schedule and cost for the project scope to the agreed baseline.
- Delivering fit for purpose work in a safe manner to meet or better the project baseline cost, schedule and quality requirements.
- Identifying, implementing and complying with applicable safety, environmental, quality, company procedural, policy, legislative and regulatory requirements.
- Applying an appropriate level of priority for safety and quality to ensure that Nuclear Safety is well supported by effective project delivery.
- Maintaining effective communications and executing the project strategies within your team.

### **Key Skills and Qualifications**

- Experience leading and delivering projects in complex, technical and highly regulated environments.
- Experience of Nuclear Decommissioning or Radwaste project management or related technical disciplines.
- Experience of major construction projects, decommissioning projects, or nuclear projects
- Supply Chain Management and/or Bid Management experience.

- Conflict resolution, being able to recognise, anticipate and effectively deal with existing or potential conflicts or disconnects at individual, team or strategic levels.
- Demonstrably strong oral and written communication skills, including the ability to communicate effectively with a wide range of stakeholders.
- Capable of obtaining (or currently holds) UK Nuclear industry clearance.

### **How to apply**

Please express interest by sending your CV to [Recruitment@cyclife-edf.co.uk](mailto:Recruitment@cyclife-edf.co.uk) with the following reference: Project Manager.

Successful candidates will then be invited for an initial Teams/Skype interview.
